## DETAILED ACTION

### *Double Patenting*

1. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. A nonstatutory obviousness-type double patenting rejection is appropriate where the conflicting claims are not identical, but at least one examined application claim is not patentably distinct from the reference claim(s) because the examined application claim is either anticipated by, or would have been obvious over, the reference claim(s). See, e.g., *In re Berg*, 140 F.3d 1428, 46 USPQ2d 1226 (Fed. Cir. 1998); *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) or 1.321(d) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent either is shown to be commonly owned with this application, or claims an invention made as a result of activities undertaken within the scope of a joint research agreement.

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

2. Claims 1 and 4 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claim 1 of U.S. Patent No. 6,639,697.

Although the conflicting claims are not identical, they are not patentably distinct from each other because the applicant's present application claims a broader scope of US Patent No. 6,639,697." All the limitations recited in Claims 1 and 4 of the application are anticipated in patent claim 1.

***Allowable Subject Matter***

3. Claim 2-3,5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. The following is a statement of reasons for the indication of allowable subject matter: Claims 2,5 are allowable over the prior art because Examiner found no reason to combine any of the said prior art which teaches a mirror mounted to said housing being positioned on reflect through the slide positioned in the scan tray scanning light produced by a light source associated with the document scanner, as taught by claims 2 and 5 and said mirror comprises a first mirror portion and a second mirror portion, said first mirror portion reflecting to said second mirror portion light produced by the light source associated with the document scanner, said second mirror reflecting light from said first mirror through the slide positioned in the scan slide tray, as taught by claim 3.
5. Claims 6-10 are allowed.
6. The following is an examiner's statement of reasons for allowance: Claims 6-10 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches an automatic slide feeder comprising: a housing defining a base having a window therein, an input slide tray, an output slide tray and scan slide tray, the scan slide tray being aligned with the window in the base so that a

transparent image area on a slide positioned in the scan slide tray is visible through the window, including all of the features recited therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
